(7) Undeliverable Third Class Mail.—Postmasters are reminded that it is the responsibility of the postmaster at the original office of address to mark the amount of return postage charges due on undeliverable third class mail being returned to the sender.

In accordance with section 130 of the Postal Guide the sender is to be charged with an amount equal to the original postage unless a number of items are returned in one packet at the same time in which case the return postage is calculated on the bulk weight of the packet of undeliverable items.

(8) Italy—Certificates of Disinfection.—The import regulations of Italy no longer require disinfection certificates to accompany parcels containing used wearing apparel addressed to that country.

Notice No. 10 in the July 1957 Supplement headed "International Parcel Post—Certificates of Disinfection" should therefore be amended by deleting "Italy" from the list of countries which require such certificates.

Interested mailers should be informed accordingly.

(9) Gift Parcels for Yugoslavia—Customs Duty.—Gift parcels for individuals in Yugoslavia are exempt from customs duty up to a value of 20,000 dinars (about \$64.00) in accordance with prices in that country.

If, however, the value of a gift parcel exceeds \$50.00, the nearest Customs Office should be consulted regarding the necessary export permit.

(10) Gift Parcels for Western Germany (Including Western Sector of Berlin)—Customs Duty.—The customs regulations of the German Federal Republic no longer provide for exemption from duty for gift parcels, except for those in the following categories:

1. Parcels not exceeding 8½ ounces in weight or 5 DM (about \$1.15) in dutiable value, and containing no coffee, tea, tobacco products, or cigarette papers.

2. Parcels addressed to indigent persons, including persons impoverished by fire or other disaster. These parcels may contain only necessary items for the relief of the addressee or his family, and may not contain tobacco products, cigarette papers, or luxury items; coffee and tea are limited to a total of 18 ounces.

3. Holiday gifts addressed to members of the sender's immediate family (parents, children, spouse, brothers, or sisters). These parcels may contain any mailable items customarily sent as gifts, not exceeding 200 DM (about \$46.00) in dutiable value.

Gift parcels not complying with the foregoing will be assessed with duty based on the German retail value of the contents.

Used clothing is duty free in any quantity.

The duty exemption heretofore granted for specific quantities of foodstuffs and other items, as indicated in the July 1956 Supplement, is terminated; however, it is understood that the regulations will be applied leniently in hardship cases during a transitional period ending January 31, 1958.

Addressees in Germany are required to obtain import licenses for gift parcels if the value exceeds 500 DM (about \$115.00), or if the contents include luxury items such as precious jewelry, expensive perfumes or furs, or caviar.

If the value of gift parcels exceeds \$50.00 the nearest Customs office should be consulted concerning the necessary export permit.

(11) International and Commonwealth Reply Coupons.—The use of reply coupons is restricted to the prepayment of postage on replies to letters received from other countries, or sent to other countries. They cannot be used for remittance purposes.

Not more than 10 reply coupons may be sold or exchanged for postage stamps at any one time for the prepayment of surface letters; if air mail letters are to be prepaid, sufficient reply coupons to prepay 10 such letters to or from the destination concerned may be exchanged, or sold-weight limit 1 oz.

Section 524 of the Postal Guide is being suitably amended.

The entry of such articles without disinfection certificates is prohibited.

5.—**Sealed Containers**—The entry of preserved foods or other articles, or those in soldered or otherwise hermetically sealed containers, except medicines, is prohibited.

6.—**Printed Matter** of all kinds (books, magazines, newspapers, etc.) must not be enclosed with other gift articles, but must be mailed separately.

Import Permits

7. If the value of a gift parcel (or letter packet) does not exceed 2,000 Czechoslovak crowns (about \$265.00) and the quantity of articles contained therein does not exceed triple the quantities indicated in (1) above, and the other conditions indicated in paragraph (1) are also observed, the gift consignment will be admitted without an import permit.

8. Gift consignments exceeding 2,000 Czechoslovak crowns (about \$265.00) in value are subject to the presentation of an import permit regardless of the quantity of articles enclosed.

9.—**Customs Declarations**—Gift parcels must be accompanied by customs declarations (1 non-adhesive form 15B, and 1 adhesive form 91B) clearly written specifying in detail the weight and the number of each type of article actually enclosed in the parcel. General indications such as "food products", "clothing", "linen", etc., are not permissible, and it is therefore necessary to indicate each article separately on the customs declarations. If a separate list is made it must be attached to the non-adhesive customs declaration, not enclosed in the parcel.

10.—**Letter Packages**—The green customs label No. 185 must be completed and affixed to the address side of all gift letter packages.

11.—**Return of Parcels**—Gift parcels not complying with the regulations outlined above, or for which an import permit has not been issued when required, are not permitted entry, and are returned to the sender at his own expense or treated as abandoned in accordance with his instructions on the accompanying documents.

12.—**Packing**—Parcels should be securely packed, using for both interior and exterior wrapping, material of sufficient strength to ensure transmission to destination in good condition.

Export Permits

It should also be noted that gift parcels addressed for delivery in Czechoslovakia, the value of which exceeds \$25.00 must be accompanied by an export permit. Enquiry should be made at the nearest Customs office.

Interested mailers should be informed of these regulations.

INFORMATION FOR POSTMASTERS

(1) Air Stage Service—The Pas—Grand Rapids—CAM 132—An Air Stage Service has been authorized between The Pas and Grand Rapids, Man.

This service will operate on a frequency of one round trip per month from approximately November to May.

Ordinary (surface) rates of postage will apply to all classes of mail conveyed over this Air Stage Service.

(2) Transmission of Day-Old Chicks by Parcel Post.—As the season is about to commence during which live day-old chicks may be shipped at parcel post rates at the risk of the sender to places within Canada and the United States, Postmasters are requested again to read the section on page 48 of the Canada Official Postal Guide, outlining the manner in which such shipments should be prepared before acceptance for transmission by mail.

(3) Letter Carrier Delivery Service Established at Transcona, Man.—A letter carrier delivery service has been established at Transcona, Man., and the name of this Post Office should be added in alphabetical order to the list of offices in Section 286, Page 86, of the Postal Guide at which special delivery service is given.

(4) Typewriters Acceptable for Insurance Against Loss Only.—It has been reported that some Postmasters are accepting typewriters for insurance against damage.

As these items are considered fragile, they may be accepted for insurance against loss only.

When accepting typewriters care must be taken to ensure that the 25 pound weight limit for parcel post is observed.

(5) Similarity in Post Office Names.—A new Post Office, Cardiff, Ontario, was established in November, 1957, and mail addressed to Cardiff, Ontario, is being missent to Cardiff, Alberta, and Cardduff, Sask. Cardiff, Ontario receives mail through Bancroft Post Office, Ontario, which is served by Belleville and Bancroft H.S. Cardiff, Alberta, is served via Edmonton and Athabasca H.S. Cardduff, Sask. receives mail via Brandon and Estevan H.S.

Recently the name of a municipality in the vicinity of Montreal was changed to Duvernay. The change in name of the municipality in the Province of Quebec to Duvernay is being brought to the attention of postal personnel in order to avoid missending of mail addressed to Duvernay, P.Q., to Duvernay, Alberta.

The non post office point Duvernay, P.Q., receives mail from Montreal City, P.Q., while Duvernay, Alberta, is served through the Two Hills, Alberta, Post Office which is on the Lloydminster—Willingdon—Edmonton H.S.

The Postmaster, Lund, B.C., reports that a considerable quantity of mail is regularly received at his office addressed to Lumby, B.C. Mail for Lund, B.C., should be forwarded to Powell River, B.C., for distribution. Lumby, B.C., is served by Vernon, B.C.

The Postmaster, Ocean Falls, B.C. reports that a considerable quantity of mail addressed to Ocean Park, B.C. is received at his office.

Particular care should be exercised in the sorting of mail addressed to these offices.

(6) Extension of Special Delivery Service Between Canada and United States.—Effective immediately, the special delivery service between Canada and United States is extended to include the territories and possessions of the United States.

The same fees and conditions as at present in effect for "Special Delivery" letters between Canada and United States will apply to special delivery letters to and from the territories and possessions of the United States.

The term Territories and possessions includes:

Alaska	Johnston Island	Saint Thomas Island
Baker Island	Kingman Reef	Samoa (American)
Canal Zone	Manua Island	Sand Island
Canton Island	Mariana Islands	Swain's Island
Caroline Islands	Marshall Islands	Swan Islands
Enderbury Island	Midway Islands	Trust Territory of the Pacific
Guam	Navassa Island	Virgin Islands (U.S.)
Hawaii	Puerto Rico	Wake Island
Howland Island	Saint Croix Island	
Jarvis Island	Saint John Island	

The necessary relative amendments to the Canada Official Postal Guide will appear in the March, 1958, Monthly Supplement to the Postal Guide.

(7) Non-adhesive Customs Declaration Form 15B and Despatch Note 16B to be filled in and securely attached to parcels for countries which require these forms.—Reference is once again made to previous Notices, the latest of which appeared in the Post Office Weekly Bulletin of the 30th March 1957.

It is again reported that a great number of parcels continue to be received at despatching exchange offices without the necessary forms.

All concerned are, therefore, again reminded that parcels for delivery in countries which require these documents (as indicated in the Postal Guide from page 170 to 405) are not to be accepted from the mailers or forwarded to the despatching exchange office without these forms.

It is most important to see that these documents are securely attached to the parcels.

Parcels wrapped in cotton should also be required to be securely tied with cord. In order to prevent the loss of documents in transit, mailers are to fold them and place them under the cord at one end of the parcel, in such a way that half of the folded forms is on the top and the other half on the end of the parcel. The forms should be folded over or around the cord again and securely fastened, perhaps with a bostitcher.

The co-operation of all concerned is urgently requested.

(8) Gift Parcels for Yugoslavia—Customs Duty.—One gift parcel every three months for individuals in Yugoslavia is exempt from customs duty up to a value of 20,000 dinars (about \$64.00) in accordance with prices in that country.

If, however, the value of a gift parcel exceeds \$50.00, the nearest Customs Office should be consulted regarding the necessary export permit.

The above cancels Notice No. 9 appearing in the January 1958 monthly supplement.

(9) Gift Parcels for Western Germany (including Western Sector of Berlin)—Customs Duty.—Notice No. 10 in the January 1958 Supplement bearing the above heading is replaced by the following information:

Exemption from customs duty in connection with parcels for delivery in the Federal Republic of Germany now applies only to two types of parcels, gifts for indigent persons and holiday gifts for close relatives, provided the value for customs purposes does not exceed 200 DM (about \$46.00). These articles should be marked "Gift Parcel".

1. GIFTS FOR INDIGENT PERSONS

Duty is not collected on food or other ordinary articles corresponding to the needs of the addressee for consumption by himself or by persons living with him.

The quantities of such articles corresponding to the needs of the addressee are those which in accordance with the experience of daily life are consumed immediately or constitute the ordinary reserve of a household.

Not more than 17-3/4 oz. of coffee, or 3½ oz. of tea, or similar quantities of extracts, essences, etc., may be enclosed.

Tobacco, tobacco products and cigarette papers, if included in such parcels, are subject to customs duty.

Indigent persons are those who through illness or infirmity are dependent on the help of others or whose monthly income is below a certain level.

Mailers should ascertain from the addressee whether he is entitled to these privileges; this information may be obtained by the addressee from the competent customs office.

2. HOLIDAY GIFTS TO CLOSE RELATIVES

Duty is not assessed on ordinary gifts within the family on holiday occasions if sent by persons permanently residing outside the customs frontiers, and destined to parents, grandparents, children, grandchildren brothers and sisters or spouse, and the articles are consumed by the addressee himself or his household.

Articles are considered as gifts only if the quantity corresponds to that usual for family celebrations, for example, about 50 cigars or 100 cigarettes.

On request, proof of relationship or marriage with the sender must be furnished the customs office.

(10) India—Prohibited and Restricted Articles.—The importation into India and transit via India of commodities of all kinds is in general prohibited.

Exception is, however, made in the case of goods imported or in transit on the basis of an import licence issued by the Chief Controller of Imports and Exports, New Delhi or a duly authorized official.

This prohibition does not apply to articles intended for the private and personal use of a person established in India, the value of which does not exceed 50 rupees (about \$10.00.)

(11) Czechoslovakia—Conditions of Entry of Gift Parcels and Letter Packages.—The following amendments should be made in notice No. 12, bearing the above heading, in the January 1958 supplement, in accordance with the latest information received from Czechoslovakia:

1. The first sentence should read: Only three gift consignments (parcels or letter packages) may be received by the same addressee in the course of a year; these are subject to moderate customs duty provided that the quantities correspond to his needs or those of members of his family residing with him, and that the articles are destined exclusively for their own use.
2. Amend to read: Quantities not in accordance with those mentioned in (1) above are subject to normal customs charges in Czechoslovakia.
4. The last sentence should read: The entry of such articles without disinfection certificates, or in more than three consignments (parcels or letter packages) per year for the same addressee, is prohibited.

(a) Federal Republic (and the Western Sectors of Berlin)—

Import licences are required for goods exceeding DM 100 (about \$23.00) in value. Senders should ascertain before mailing that the correct procedure is being followed by the importer in Germany.

Commercial parcels and letter packages containing articles subject to Customs duty must be accompanied by an invoice in duplicate. These forms are to be fastened to the non-adhesive customs declaration.

The contents of gift parcels are limited to essential relief articles: Non-perishable foods, clothing, footwear, soap, mailable medicines and similar articles.

Gift parcels are permitted without import licences providing their total value does not exceed 200 DM (about \$46.00) and they do not contain any item (watches, artificial sweetening substances etc.) for which special import regulations are in force. They are subject to normal customs duties except in the case of parcels sent to needy persons or to close relatives. Parcels and Customs Declarations should be clearly marked "Gift Parcel".

Parcels addressed to needy persons are admitted free of customs duty providing they contain only items of necessity (including up to 17½ oz. of coffee, or 3½ oz. of tea) or similar quantities of extracts, essences, etc. Customs duty is levied on tobacco, tobacco products and cigarette papers.

Import licences must be obtained in advance by the addressees from the Ministry of Commerce for all goods other than those included in gift parcels.

Gift parcels may be sent only by private persons and not by commercial undertakings or by Welfare Organizations or workers. The contents must be limited to essential relief items for the use of a private person or members of his family. No addressee may receive more than one gift parcel a month.

INFORMATION FOR POSTMASTERS

(1) Braille Books and Sound Reproduction Records for the use of the Blind to be carefully Handled.—The Canadian National Institute for the Blind, Toronto, advise that packages returned to them containing Braille books, and sound reproduction records for the use of the Blind are being received in damaged condition. This may be due in some part to lack of proper packing, and postmasters are requested, therefore, to see that in future such items when presented for mailing at their offices are suitably packed and properly labelled so as to indicate the fragile nature of the contents.

(2) Newspapers and Periodicals for Delivery in other Countries.—Information has been received that periodicals are being accepted unwrapped in considerable quantities for delivery in other countries, contrary to international postal regulations. Postmasters and all others concerned are therefore reminded of the conditions governing such mailings, whether made by publishers or by members of the public, as follows:—

Copies of newspapers and magazines or other periodical publications must be individually wrapped, or placed in open envelopes, separately prepaid to each individual addressee in accordance with the general regulations applicable to printed matter in the international mails as outlined in Section 550, Page 131 of the Postal Guide.

A number of copies of such publications intended for the same addressee may, however, be enclosed in one bundle with the postage affixed to the cover provided the weight limit of 6 lb. 9 oz. is not exceeded.

Exceptionally newspapers and periodicals mailed by publishers addressed to different addressees at the same Post Office in the United States may be enclosed in a bundle addressed to the Post Office concerned, with the postage on the cover, and the individual copies unwrapped.

The attention of mailers should be directed to these requirements when necessary, in order to ensure compliance with the international regulations in this respect.

(3) Personal Mail for Canadian Military Personnel Serving with the International Supervisory Commission in Indo-China.—The following address formerly used on mail for the Canadian military personnel in question:

Number, Rank, Name,
Military Component,
Canadian Delegation,
(Vietnam, Cambodia or Laos, as applicable),
A.P.O. 56, New Delhi,
India,

has been discontinued and replaced by the address indicated below:

No., Rank, Name,
Military Component, Canadian Delegation,
International Committee for Supervision
and Control,
Box 220,
Saigon, Viet-Nam.

The postage rates and conditions for the different classes of civilian mail destined to Viet-Nam will also apply to the same categories of mail addressed as above.

In view of the long transit time for surface mail prospective mailers should be advised wherever possible to send their mail by air.

All such mail should be routed to best advantage in the same manner as civilian mail addressed to Saigon, Viet-Nam. Air mail should be forwarded to Montreal British and Foreign for transmission via France. Surface mail, with the exception of parcels, is also to be sent to Montreal for trans-Atlantic routing. Surface parcels will be forwarded to Vancouver for trans-Pacific routing via the United States.

(4) Export Permit Regulations Governing Gift Parcels and Letter Packets for Delivery in other Countries.—Postmasters and all others concerned are informed that the Export Permit regulations governing gift parcels (and letter packets, where there is such a service) mailed to other countries, as issued by the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, are now as follows:—

1. Gift parcels of \$25.00, or less in value destined to Albania, Bulgaria, Cambodia, China, including Manchuria but excluding Taiwan (Formosa), Czechoslovakia, Germany (Soviet Zone only), Hungary, Laos, North Korea, Poland, Roumania, Union of Soviet Socialist Republics, Hong Kong, Macao, Tibet and Viet-Nam, do not require an individual export permit provided the contents are for the personal use of the addressee, and that not more than one such gift parcel per month is sent to the same addressee by the same sender. Parcels should be clearly marked by the senders "Gift, General Export Permit No. Ex. 1". It should be especially noted that there is no parcel post or letter packet service at present to North Korea or China (except Formosa). Letter packet service is also suspended to Germany (Soviet zone), Roumania, Tibet and the U.S.S.R.
2. Gift parcels exceeding \$25.00 in value, destined to the above countries, must be accompanied by an individual export permit. However, parcels containing goods such as textiles, foodstuffs, etc. which are included in the General Export Permit No. Ex. 2 may be shipped to Albania, Bulgaria, Czechoslovakia, Germany (Soviet Zone only), Hungary, Poland, Roumania, Union of Soviet Socialist Republics, and Hong Kong under the authority of this General Permit. Customs Authorities at the nearest Customs office or the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, should be consulted in regard to this latter General Export Permit. If such parcels are eligible for exportation by this General Permit, senders should clearly mark on these parcels, "Gift... General Export Permit No. Ex. 2".
3. Gift Parcels not exceeding \$50.00 in value addressed to countries other than those mentioned above do not require an Export Permit.
4. In the case of gift parcels valued at more than \$50.00 addressed to countries not listed above, mailers should consult the nearest Customs Office for information.
5. Gift parcels containing precision instruments require an individual export permit when consigned to any country.

Export Permit application forms may be obtained from any Customs Office or from the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, Ont.

(5) International Reply—Paid Postcards from the United States.—International reply-paid postcards originating in the United States and prepared in accordance with the relative regulations as outlined in Sections 536 and 537, pages 127 and 128, of the Canada Official Postal Guide, 1957 are apparently being refused acceptance as fully prepaid when the reply halves bearing United States postage stamps are returned to the senders in the United States.

Postmasters and all others concerned are therefore reminded that the reply halves of international reply-paid postcards prepaid with imprinted postage or postage stamps of the country of origin, are to be accepted as fully prepaid for return to the mailers, provided the two halves of the cards were attached when received in Canada.

When possible mailers of such cards should also be informed of these regulations to avoid payment of additional postage.

(6) Similarity in Post Office Names.—The Postmaster at Owendale, Alberta, reports the receipt at his office of a considerable quantity of mail addressed to Oyen, Alberta.

Owendale receives mail from Cardston, Alberta, which is served from Lethbridge, Alberta, on Tuesdays, Thursdays and Saturdays. Oyen, Alberta, is served daily except Sunday, via Sask. and Drum., R.P.O.

The Postmaster at Melville, Sask., reports the receipt at his office of a considerable quantity of mail addressed to Neville, Sask.

The Postmaster at Hespero, Alberta reports the receipt at his office of a considerable quantity of mail addressed to Hesketh, Alberta and Hespeler, Ontario. Mail addressed to Hespero, Alberta is also being received at the Hespeler, Ontario Post Office.

Particular care should be exercised in the sortation of mail addressed to these Post Offices.

delete all of the information appearing beneath the list of places on page 194
only and substitute the following—

Import licences issued in advance to the addressee are required for all parcels regardless of value. This licence is usually obtained by the addressee from the Export-Import Bureau of the Bank of Brazil; a copy is sent to the mailer who must submit it to the Brazilian consul with commercial invoices covering commercial parcels, for legalization. The mailer, if he prefers, may request the licence direct from the Export-Import Bureau. The import licence number must be shown on the commercial invoice.

Parcels arriving in Brazil, for which an import permit has not been issued, are considered contraband and confiscated. Parcels must not be addressed "Poste Restante". Parcels should be sealed with a distinctive seal.

Commercial parcels, regardless of value, must be accompanied by four copies of a commercial invoice which must be certified as to the origin of the merchandise by a recognized chamber of commerce or other authorized organization. Commercial invoices must be legalized by a Brazilian Consul. Consuls for Brazil are stationed at St. John's, Nfld., Halifax, N.S., Montreal, P.Q., Toronto, Ont. and Vancouver, B.C.

The commercial invoices are returned after legalization by the consul to the mailer, who must send them by letter to the addressee in Brazil for his use in clearing the parcel through the customs.

Gift shipments less than \$25 in value may be sent without commercial invoices, but the addressees in Brazil must still obtain import permits.

The gross weight and net weight of parcels must be indicated on the Customs Declarations, and in order to avoid delay in the delivery of parcels, Customs Declarations must contain the following information: (a) name of post office of origin; (b) complete address of sender and addressee; (c) exact description of merchandise, type, quantity, quality, value, gross and net weight of each type of merchandise contained in the parcel. General descriptions will not be acceptable.

INFORMATION FOR POSTMASTERS

(1) Undeliverable Third Class Mail.—Postmasters are reminded that undeliverable third class mail being returned to the sender is to be taxed postage due in accordance with the regulations contained in Section 131 of the Postal Guide.

59592-6-2½

(2) Proper Packing of Parcels; Section 187, Canada Official Postal Guide.—Postmasters are reminded that parcels containing sharp edged or pointed articles must have the edges or points so well protected that they cannot cut through their coverings.

The above should be brought to the attention of mailers, and care is to be taken when accepting such articles for mailing, to see that they are properly packed.

(3) Rate of Postage on Parcels for the Magdalen Islands, P.Q.—The attention of Postmasters is directed to the fact that the rate of postage on parcels posted at or addressed to the following post offices which are served by the Charlottetown—Magdalen Islands Air Stage Service:

Aurigny	Grindstone Island	Millerand
Boisville	Havre Aubert	Old Harry
Chemin des Buttes	House Harbour	Pointe Basse
Etang des Caps	La Cyr	Pointe au Loup
Etang du Nord	La Verniere	Portage du Cap
Fatima	Les Caps	Solomon
Grand Entry	Leslie	South Beach

s 20c for the first pound and 15c for each additional pound or fraction of a pound.

(4) Letter Carrier Delivery Service Established at Dawson Creek, B.C.—A letter carrier delivery service has been established at Dawson Creek, B.C., and the name of this Post Office should be added in alphabetical order to the list of offices in section 286, Page 86, of the Postal Guide at which special delivery service is given.

(5) "Requests" on Undeliverable Third Class Mail to be Observed.—Postmasters are instructed to exercise care in seeing that any requests appearing on undeliverable third class mail, for the return of the items to a given address, are fully observed.

(6) Enclosures in Aerogrammes Prohibited.—Information has been received that aerogrammes in considerable quantities are reaching the Montreal Post Office for transmission overseas, containing enclosures, or sealed with adhesive tape.

Under international postal law, aerogrammes must not contain enclosures, and the prepayment of additional postage on the forms does not justify the enclosing of any articles in these forms. Aerogrammes cannot be registered and their nature is such that adequate protection is not afforded enclosures. Mailers who do enclose articles of any kind in these forms, therefore, run grave risk of loss for which there is no compensation.

Similarly, sealing aerogrammes with adhesive tape, or affixing any labels or anything else to them by mailers is contrary to the regulations governing this special service designed to provide an economical means of communication by air mail, only under special conditions.

The one exception in this regard is that aerogrammes addressed to Great Britain only, may be prepaid for Special Delivery Service and bear the relative label.

In the circumstances, Postmasters and others concerned must lose no opportunity of impressing on mailers the necessity of complying with the regulations outlined above, in order to enjoy the advantages of this special air service.

When aerogrammes irregularly prepared for mailing bearing the address of the senders are observed at the office of posting, the mailers are to be contacted and requested to comply with the regulations.

(7) Similarity in Post Office Names.—The Postmaster, Petawawa, Ontario, reports the receipt at his office of a considerable quantity of mail addressed to Petawawa Camp, Ontario.

Petawawa, Ontario and Petawawa Camp, Ontario are two separate Post Offices and particular care should be exercised in the sortation of mail addressed to Petawawa Camp, Ontario.

The Postmaster at R.C.A.F. Station, Centralia, Ont. reports the receipt at his office of a considerable quantity of mail from many points addressed to Centralia, Ont.

R.C.A.F. Station, Centralia, Ont. and Centralia, Ont. are two separate Post Offices and mail for Centralia, Ont. should not be included in packages intended for R.C.A.F. Station, Centralia, Ont.

The Postmaster, Sioux Lookout, Ont., reports the receipt at his office of a considerable quantity of mail addressed to McCrae Lake, Ont. McCrae Lake is a non Post Office point and receives mail through Guilletville, Ont., which is served from Sudbury, Ont.

Particular care should be exercised to see that mail addressed to McCrae Lake, Ont., is forwarded to Guilletville, Ont.

The Postmaster, Dawson Creek, B.C. reports the receipt at his office of a considerable quantity of mail addressed to Summit Lake, B.C.

Summit Lake is a Post Office point served through Prince George, B.C. Mile 392, Summit Lake, Alaska Highway, is a non-Post Office point served from Dawson Creek, B.C., on the Dawson Creek-Whitehorse H.S.

Particular care should be exercised in the sortation of mail addressed to Summit Lake, B.C.

The Postmaster, Fort MacLeod, Alberta, reports the receipt at his office of a considerable quantity of mail addressed to Fort McLeod, B.C., and McLeod Valley, Alberta.

Fort MacLeod, Alberta, is served by Lethbridge and Cranbrook H.S. and also Lethbridge, Fort MacLeod and Calgary H.S. McLeod Valley, Alberta, is served from Peers, Alberta, via Edmonton and Edson H.S. The name of the Fort McLeod, B.C., Post Office has been changed to McLeod Lake, B.C., and is served from Prince George, B.C.

INFORMATION FOR POSTMASTERS

(1) United States—Undeliverable printed matter other than newspapers and periodicals.—Reports have been received of irregularities in the handling of undeliverable printed matter of United States origin. Postmasters and all others concerned are therefore reminded that such matter (exclusive of newspapers and periodicals) is to be treated as indicated below:

1. Registered or unregistered articles of manifest value, as well as articles of no manifest value which bear a request for return or a pledge to pay return postage, are to be returned direct to the United States *without any reference to return postage on the covers*.
2. Articles of no manifest value, whether bearing a return address (but no request for return or a pledge to pay return postage) or not, are to be sent to the nearest Undeliverable Mail Office for disposal.

(2) Acknowledgment of receipt (A.R.) cards for return to other countries.—Acknowledgment of Receipt Cards in connection with registered mail originating in other countries are to be fully completed, including an impression of the date stamp of the office of delivery in Canada, before the cards are returned to the country of origin.

The United States postal authorities report that A.R. Cards are being returned to that country incomplete, and those concerned should therefore see that the necessary action is taken to provide all the required information.

(3) Rates of Postage on Postage Stamps.—The Postal Administration of Great Britain advises of the receipt of postage stamps originating in other countries, prepaid at the printed matter rates contrary to international postal regulations. These articles are taxed double the deficiency at the letter rates of postage, for collection from the addressees.

In order to ensure proper prepayment of postage on postage stamps for delivery in other countries, those concerned are reminded that the following rates apply, as indicated on page 166 of the Postal Guide:

Uncancelled Canadian and United States issues—Letter rates according to destination

Cancelled and uncancelled (except Canadian and United States) issues—Parcel Post Rates according to destination

Postage stamps cannot be insured but they may be prepaid at the letter rates of postage and registered.

(4) United States—Increased postage rates on mail for delivery in Canada.—Effective 1 August 1958, the following rates will apply to mail posted in the United States for delivery in Canada:

These rate changes should be noted by all concerned and surcharges collected in accordance with Post Office markings.

The necessary changes in the Postal Guide will appear in the August Supplement.

INFORMATION FOR POSTMASTERS

(1) New Air Mail Service—VAL D'OR—Chapais-Chibougamau A.M.S. (Cam 68)—A new air mail service has been inaugurated between Val d'Or, Chapais and Chibougamau, P.Q. to operate on a frequency of six round trips per week.

Only first class mail and parcels prepaid at air parcel post rates will be conveyed over this air mail service. Other classes of mail are conveyed by surface transport at ordinary rates of postage.

(2) Form 67B to be Fully Completed—Complaints are being received from publishers that forms 67B are being sent to them bearing incomplete information.

The regulations outlined in Sections 80(c) (ii) and 624 (3) (ii) of the Canada Official Postal Guide must be fully observed.

All numbers and letters appearing on the address label or wrapper of a newspaper or a periodical must be entered in the space provided on form 67B as publishers are unable to correct their mailing lists unless the key number is supplied.

Attention is also directed to the fact that each form 67B, when addressed to a publisher in the United States, must be endorsed "2 cents postage due".

(3) Pakistan—Parcel Post—Import Licences Required.—Information has been received from the Postal Administration of Pakistan that import permits must be obtained by the addressees of parcels (including gift parcels) originating in other countries, the value of which exceeds 150 rupees (about \$30.00) issued by the "Chief Controller of Imports and Exports" at Karachi or other authorized officials.

Non-compliance with this requirement may result in confiscation of parcels by Customs in Pakistan.

When possible interested Canadian mailers should be informed and advised to ascertain whether the necessary permit has been obtained before mailing parcels to Pakistan, when the value exceeds 150 rupees.

The relative amendment to the Postal Guide will appear in the September Supplement.

(4) Mail for the Civilian Staff of the Organization "Maple Leaf Services" in Europe—Arrangements have been completed which permit the use of military mail channels for the transmission of mail including parcels for the civilian staff of "Maple Leaf Services" in Europe.

A specimen form of address to be used is shown below:

Name
(Staff)
Maple Leaf Services
CAPO 5050
Germany

It should be specially observed that the postage rates via England and regulations, as applicable to civilian mail including parcels outlined in the Canada Official Postal Guide under the entry for Germany, are to be followed with the exception that **parcels addressed as above are not to exceed 10 pounds in weight and may not be insured**.

Prospective mailers should be informed that these parcels, when forwarded through military channels are being accepted subject to any treatment the country of destination may deem it desirable to take in accordance with their rules and regulations.

All such mail is to be forwarded to Montreal in the usual way for despatch overseas.

(5) Air Parcel Post International.—Postmasters are reminded that air parcels addressed to other countries are to be forwarded either to Montreal or Vancouver according to destination in the same manner as first class mail for other countries.

It has been noted that a considerable number of air parcels are being forwarded to Montreal B. & F. in surface parcel post and newspaper bags.

This action causes delay in the despatch of the air parcels from Canada which results in enquiries being made as to delays in delivery.

Postmasters are therefore requested to take the necessary steps to ensure the proper treatment of items prepaid for air conveyance.

(6) Similarity in Post Office Names.—It has been reported that mail addressed to RCAF Station, Stoney Mountain, Alberta is being mis-directed to Stoney Mountain, Manitoba.

Extreme care should be exercised to see that all mail addressed "RCAF Station, Stoney Mountain, Alberta" is sorted for delivery through ANZAC, Alberta Post Office.

The Postmaster at Delhi, Ontario reports the receipt at his office of a considerable quantity of mail addressed to Lynden, Ontario, which has been missorted as Lynedoch, Ontario.

While Lynedoch, Ontario receives mail through Delhi, Ontario, Lynden, Ontario is served by Hamilton and London R.P.O. and Hamilton and Guelph, R.P.O.

Particular care should be exercised in the sortation of mail addressed to Lynden, Ontario.

The Postmaster, Selkirk, Man., reports the receipt at his office of a considerable quantity of mail addressed to Selkirk, Ontario. In addition, mail addressed to Selkirk, Man., has been missent to Selkirk, Ontario.

Selkirk, Ontario, receives mail via Hamilton and London R.P.O. and Brantford, while Selkirk, Man., is served from Winnipeg.

Particular care should be exercised in the sortation of mail addressed to these Post Offices.

The Postmaster at Fraserdale, Ontario reports the receipt at his office of a considerable quantity of mail addressed to Frazerville, Ontario.

Fraserdale, Ontario receives mail through Cochrane, Ontario while Frazerville, Ontario is served via Port Hope and Peterborough, H.S.

Particular care should be exercised in the sortation of mail addressed to Frazerville, Ontario.

The Postmaster at Bonsecours, P.Q., reports the receipt at his office of a considerable quantity of mail addressed to St-Louis-de-Bonsecours and Notre-Dame-de-Bonsecours.

The name of the former St-Louis-de-Bonsecours Post Office has been changed to St-Louis-de-Richelieu and is served from St-Hyacinthe, P.Q. The former Post Office Notre-Dame-de-Bonsecours has now been closed and mail so addressed should be sent to Village-Richelieu for distribution, which is served by Sherbrooke & Montreal H.S.

Particular care should be exercised in the sortation of mail addressed to St-Louis-de-Bonsecours, P.Q., and Notre-Dame-de-Bonsecours, P.Q.

The Postmaster at Harcourt, Nfld. reports the receipt at his office of a considerable quantity of mail addressed to Harricott, Nfld.

While Harcourt is located in the general area of Trinity Bay and is served through the Post Office at Milton, Nfld., Harricott is located in the St. Mary's Bay area, and is served by the St. John's and Argentia Baggage Car Service.

INFORMATION FOR POSTMASTERS

(1) Parcel Post Rates—Northern British Columbia.—Postmasters are reminded that parcels posted at or addressed for delivery at the following points are subject to postage at the rate of 20c. for the first pound and 15c. for each additional pound or fraction of a pound **the year round**:

Atlin, B.C.	Otter Park, B.C.
Cassiar, B.C.	Pink Mountain, B.C.
Germansen Landing, B.C.	Takla Landing, B.C.
Lower Post, B.C.	Telegraph Creek, B.C.
Manson Creek, B.C.	Wonowon, B.C.

Hay River, N.W.T.—The ordinary parcel post rates for the Province of Alberta are applicable to parcels posted at or addressed for delivery at Hay River, N.W.T.

(2) Winter Air Stage Service—Baie St. Paul—Isle aux Coudres.—An Air Stage Service will again be in operation this coming winter season between Baie St. Paul and Isle aux Coudres P.Q. from approximately 15th December to 14th March 1959.

This service will operate on a frequency of 6 round trips per week.

Ordinary (surface) rates of postage will apply to all classes of mail conveyed over this Air Stage Service.

(3) Winter Air Stage Service—Montmagny—Isle aux Grues, P.Q.—An Air Stage Service will again be in operation this coming winter season between Montmagny, P.Q., and Isle aux Grues, P.Q., from approximately 15th November to 30th April.

This service will operate on a frequency of three round trips per week.

Ordinary (surface) rates of postage will apply to all classes of mail conveyed over this Air Stage Service.

(4) Air Stage Service, Prince Rupert—Aiyansh, B.C.—Postmasters are reminded that the winter Air Stage Service between Prince Rupert and Aiyansh, B.C. (CAM 229) has been resumed and is performed on or about the 19th of each month on a frequency of one trip per month, October to May, inclusive.

The rates of postage applicable to mail conveyed over this route will be as follows:

First, second and third class matter—ordinary rates.

Parcel Post—30c. for the first pound, and 25c. for each additional pound or fraction thereof.

(5) Changing of Date Stamp.—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1959".

(6) Model Dater Year Bands.—The Purchasing and Stores Division requests that those concerned carefully examine their model dater to find out if the year "1959" appears on the bands, and, if not, the dater should immediately be forwarded to the Superintendent, Purchasing and Stores Division, Ottawa, so that new bands may be placed thereon.

(7) Calendars—To be Carefully Handled.—At this time of the year business firms are prepared to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(8) Collection of Deficient Postage.—Care is to be taken to ensure that postage due charges are collected on all unpaid and insufficiently prepaid mail and postage due stamps affixed and cancelled before delivery is effected.

Postmasters are reminded particularly that mail addressed to a post office box, and on which there is postage due, is not to be placed in the box. A Request to Call (Card 25) is to be completed and placed therein.

(9) Table of Surface and Air Parcel Post Rates to other countries.—In the absence of any change to the July 1958 Table of Surface and Air Parcel Post Rates to other countries the October 1958 Table was not issued.

Postmasters and all others concerned are informed that the July 1958 issue of the Table is to continue to be consulted for parcel post rates (surface and air) to other countries until a later edition of the Table is published.

(10) Registered Letters Mailed in an Unsatisfactory Condition for Delivery in Europe.—Complaints in regard to the condition of registered letters received in Europe from Canada are frequently made to the Montreal Exchange Office. These involve costly investigation in order to ascertain the facts for the Administration concerned.

It appears that registered letters are frequently enclosed in envelopes bearing poorly affixed paper strips or an excessive amount of mucilage in an effort to seal the flap securely. Such action may give the impression that the articles have been opened and resealed and the attention of mailing offices is therefore directed to section 596, page 139 of the Postal Guide reading as follows:

"Every article presented for registration should be enclosed in a strong envelope, securely fastened. REGISTERED LETTERS SHOULD NOT SHOW SIGNS OF HAVING BEEN OPENED AND REFASTENED BEFORE POSTING. A Postmaster may decline to accept for registration a letter insecurely fastened or otherwise in unsafe condition."

When letters are tendered for registration, they should be carefully examined, and if the envelopes bear excessive mucilage, or have paper patches roughly gummed thereon, the senders should be cautioned against mailing the letters in such a manner, and warned that if no improvement is shown it might be necessary to refuse to accept such letters.

If registered letters are closed with well affixed paper strips or seals the date stamp should be applied across the edge of the seal and the envelope to show that the article was affixed when the letter was mailed.

(11) Turkey—Printed Matter.—Printed matter sent to Turkey for commercial purposes must, under Turkish import regulations, be accompanied by an original invoice.

With the exception of daily newspapers, a certificate of origin issued by the competent authority of the exporting country must also be enclosed in such packages.

(12) India—Prohibited and Restricted Articles.—In accordance with further information received from the Postal Administration of India, Notice No. 10 in the March 1958 Supplement, has been amended as follows:

The importation into India of commodities of all kinds is in general prohibited.

Exception is, however, made in the case of goods imported on the basis of an import licence issued by the Chief Controller of Imports and Exports, New Delhi or a duly authorized official.

This prohibition does not apply to articles intended for the private and personal use of a person established in India, the value of which does not exceed 50 rupees (about \$10.00).
